

Course: Project Management the PoA included

credits: 2

Course code	IFVP18WPLPM	Modes of delivery	Tutorial
Name	Project Management the PoA included	Assessments	Project Management the PoA included - Assignment
Study year	2019-2020		
ECTS credits	2		
Language	Dutch, with parts in English		
Coordinator	H.W. Brink		

Learning outcomes

Main learning outcome

The student draws up a building project plan under supervision, taking a methodical approach

The student:

- formulates a SMART objective for a simple accommodation-related project
- applies activity analysis theory to a simple accommodation-related project
- explains the relationships between the various activities identified
- derives a coherent project plan from the activities and relationships identified
- estimates the anticipated costs based on the plan that has been drawn up
- predicts potential risks for the project and indicates possible solutions
- estimates the project organisation required

Content

Purpose of Project Management is to teach the student how to organize projects and how to work in projects.

The student practices the ins and outs of a Plan of Action by means of lectures and computer training sessions.
