Inhoud

Communication Theory and Research

Students build on the communication theories and research skills acquired in their first year, further expanding and deepening their expertise. They explore theories related to campaign development, learning to critically evaluate and apply the most relevant frameworks.

Additionally, they learn to use the Design Thinking process to develop innovative and impactful campaigns. By integrating theoretical insights with practical design methodologies, students gain the skills to conceptualize and execute comprehensive communication campaigns that address real-world challenges

Opgenomen in opleiding(en)

International Communication
International Communication Exchange Minor The Campaign

School(s)
