Competences

- Connecting to the Environment
- Research & Reflection
- Working in Practice

Level 1: Orientation

A sufficient level is achieved when students demonstrate an insight into the nature of the profession, the significance of experimentation and research in acquiring the provided knowledge and skills and a potential for the ongoing acquisition of competencies.

Learning Outcomes

LO 4: Position

The student recognises different artistic positions within artistic, cultural, social, and global contexts and, with guidance, identifies perspectives, differences, and sensitivities, beginning to relate their own work to these positions in a descriptive and exploratory way.

LO 5: Practice

The student participates in artistic processes and collaborative activities within guided contexts, shares work in supported settings, and begins to explore professional practice through basic presentations and introductory forms of collaboration and audience engagement.

Content

The course **Professional Practices** trains and supports students in developing effective study habits, organising themselves effectively, and making well-founded choices regarding their academic and artistic career.

The course introduces professional thinking and self-reflection, communication and collaboration skills, time management, and working with a study plan. Students develop initial skills in verbal, written, and physical presentation as well as in approaches to contextual research.
