Content

During this assignment you will advice the company (given case) on several topics: finance and management & organization.

During 7 weeks you work in groups with fellow students on various assignments. You will apply the knowledge you have gained in the courses Fincance 1 and Management and Organization.The purpose of the Integral Assignment is that you gain insight into relationships between the two different fields. Various topics are discussed, such as internal and external analysis, the translation of a strategy into goals, finance plans, investment plans, financial statements and ratio's.

Every week you will share your outcomes with your lecturers. At the end of the period you will give a presentation including your advices for the company.
