ECTS credits	10
Language	English
Coordinator	P. Drent
Modes of delivery	Action learning
Assessments	Professional product BSR/BC/TM - Portfolio assessment Professional product FA - Assignment

Learning outcomes

The student demonstrates the research skills of a financial professional and can motivate and argue solutions chosen from a helicopter perspective and with an objective view of practical issues

Responsible professional conduct: The student acts conscientiously and ethically when solving financial and economic issues and is aware of both national and international social contexts

The student communicates in English both orally and in writing in a financial economic context. The communication is aimed at advice and forming a personal opinion.

Content

In this last semester before the graduation project, students spend time practicing for graduation by working on so-called action-learning assignment(s) in student groups. The assignment(s) are real life professional tasks The assignment(s) will be acquired by the students themselves and will be based on one of the other theoretical subjects that are related to International Finance and Control: Business Strategy and Risk, Business Control, and Treasury Management or Financial Accounting.

Examples of professional tasks and products:

1. Strategic Control Model
2. Responsibility/accounting model
3. Pricing model
4. Investment analysis
5. Budgeting model
6. Performance management model
7. Planning & Control Cycle in Service companies
8. Risk Management
9. Risk analysis
10. MIS reliability
11. MIS relevance
