Content

To enable the interns to develop general and job-specific competencies, the internship comprises a combination of participation activities helping to perform the daily tasks of a communication professional; Examples of daily tasks of a communication professional could include creating (content for) diverse media, organizing activities, preparing presentations, optimizing internal documents, etc.

Next to the daily activities, the student works on a portfolio for the design of a professional product using the 6-phases of design research.

Throughout the internship guidance is provided by the school and by the internship organisation.
