In order to allow you to make optimal use of the offerings of the conservatoire and indeed the entire Hanze University, the Master of Music programme offers the possibility to choose additional electives and activities. This allows you to supplement your study in width and depth, depending on your ambitions and your study plan. There are three ways in which you can fill this part of the curriculum:

- Choose from the modules and electives that PCC has to offer
- Choose modules/lessons from outside PCC
- Initiate your own activities/projects

In consultation with the coaches from your coaching team you make your choices and record them in your study plan.
