

Course: Living Anatomy 4

credits: 2

Course code	PIVP18AIV4	Modes of delivery	Individual supervision
Name	Living Anatomy 4		Practical / Training
Study year	2022-2023		Self-study
ECTS credits	2	Assessments	Anatomy in Vivo 4 - Skills test
Language	English		
Coordinator	H.A. Kranenburg		

Learning outcomes

1CD-FH. 90. The student can independently conduct a partial physiotherapeutic assessment for a client with a simple orthopaedic problem, based on casuistry descriptions.

1CD-FH. 94. The student can independently conduct a partial physiotherapeutic assessment for a client with a simple peripheral neurological problem, based on casuistry descriptions.

2CD-FH. 106. The student can independently conduct a partial physiotherapeutic assessment for a client with simple vascular problems, based on casuistry descriptions.

Content

Living Anatomy is a course designed for practice. It comprises identifying, localising, palpating and drawing bony structures, as well as origin and attachment of muscles, ligaments, tendons and nerves. In this course we will discuss and test the basic anatomic knowledge and skills that we use as physiotherapists. This course delves deeper into the materials of Living Anatomy 1 and expands on the Living Anatomy 2 and 3.

Included in programme(s)

B International Physiotherapy

School(s)

School of Health Care Studies
