### Learning outcomes

#### Innovation, Level 2

1. The student describes the implications of current developments in the social and legal field on an organisation or sector;
2. The student applies insights from current social scientific and/or legal research;
3. The student displays an inquisitive and proactive attitude and makes a creative contribution to the group.

#### Organising, Level 2

5. The student collaborates on practical legal assignments with other students and -where possible -with stakeholders from professional practice;

#### Organising, Level 3

4. The student can compile a legal project file
7. The student correctly applies the applicable laws and regulations on project files
8. Students can account for the accessibility, accuracy, completeness and transferability of the project file.
