Learning outcomes

Analysing

Level 2

Under supervision, students analyse legal issues in a clearly defined complex situation, taking into account the environment and using multiple legal and non-legal sources. They substantiate the choices they make in doing so both verbally and in writing.

2.1: Students lay out the facts of a clearly defined complex real-life legal situation and/or an open problem and rank them by legal relevance. Based on this ranking, they formulate the legal questions and are able to answer and substantiate these verbally and/or in writing.
