Learning outcomes

C2. Capacity for critical reflection

The student is able to research his own work and working methods, as well as those of others, through contemplating it, analysing, problematizing, positioning, and assessing it.

C3. Capacity for growth and innovation

The student is able to continue to develop and deepen his own work and method of working, and in doing so provides a contribution to the development of the profession, the field, culture, and society.

C4. Organisational capacity

The student can set up and maintain an inspiring and professional work situation.

C6. Environmental focus

The student is able to relate actively and critically to the context he finds himself in with his work.
