

Course: Labs 1

credits: 10

Course code	ABVP23LAB1
Name	Labs 1
Study year	2023-2024
ECTS credits	10
Language	Dutch, with parts in English
Coordinator	M.W. Kaldenhoven

Modes of delivery Education

Assessments

Learning outcomes

Process

The student

- show an open attitude towards new materials and applications
- experiment and practise with different materials and applications

Product

The student

- are introduced to working with the material, techniques and visual means in a specific medium or domain
- produce a multitude of works related to the given domain

Context

The student

- enhance their knowledge of visual art in a specific visual domain

Content

In the course *Labs 1* and 2, students experiment within a medium and linked domain, by means of open assignments. These assignments have the goal for the students to develop their own learning question. The following visual domains are included: Photography & Printmaking, Unstable technology & Time-based media, Sculpture & Installation, Drawing & Painting.

Teams of professional artists and workshop specialists teach this programme. This also involves a thorough introduction to the make-and-learn community and the start of an intensive collaboration and exchange between professional artists, students and workshop specialists.

Included in programme(s)
