### Content

In the course *Labs* 1 and 2, students experiment within a medium and linked domain, by means of open assignments. These assignments have the goal for the students to develop their own learning question. The following visual domains are included: Photography & Printmaking, Unstable technology & Time-based media, Sculpture & Installation, Drawing & Painting.

Teams of professional artists and workshop specialists teach this programme. This also involves a thorough introduction to the make-and-learn community and the start of an intensive collaboration and exchange between professional artists, students and workshop specialists.
