Course: Project Entrepreneur role — credits: 5

Course code	IFVB25PRJENT
Name	Project Entrepreneur role
Study year	2025-2026
ECTS credits	5
Language	English
Coordinator	J. Krips
Modes of delivery	Project-based learning
Assessments	Oral exam - Oral Project Entrepreneur role - Assignment

Learning outcomes

The student:
4. Analyses the stakeholders of the ‘challenge’ issued by the client and identifies the client and stakeholder requirements (procurement and entrepreneurs role) (7, 8, 9)
5. Develops a scalable new service with the aid of the Business Model Canvas and based on the client and stakeholder requirements, making use of trends and developments at macro and meso level and innovation theories (entrepreneurs role) (7,9)
6. Identifies the consequences of implementation and management of the new service with the help of the completed Business Model Canvas and evaluates this as regards the feasibility of all model components (entrepreneurs role) (8)

Content

In this semester, you will write a purchasing document for a service in which cooperation between the client and the contracted party plays a crucial role. You will do this based on a "challenge” (assignement from a client) as a member of a purchasing team. Next, you will also become a member of a development team and as a start-up, you will take on the "challenge” of a purchasing team and develop a new service using the purchasing document of that purchasing team. Whilst developing this new service, you will be a specialist in the area of sustainability, hospitality or health.
Both the purchasing process and the development process will be supported iteratively with the help of Scrum and Design Thinking.
For the entire semester, you will therefore have the role of purchaser and developer and you will put together a portfolio for both roles that contains (group)assignments and proof of your capabilities and development. The portfolios will also serve as input for the assessment meeting.

Included in programme(s)

International Facility Management exchange programme
Facility Management, major International Facility Management
