Learning outcomes

The learning outcomes of electives are not clearly defined. Each elective is unique and sets different goals, depending on the subject and the skills the subject wants to develop.

Content

With electives, you can decide for yourself how you want to shape your studies. As a student at PCC, there are various electives available that you can use. These courses are specially designed to help you learn new things and develop your skills. In addition, you can participate in a number of external offcourses at Academie Minerva. Please note that we do not have any details about these courses at the moment. As soon as we know more, we will let you know via the website. In the third year, there is room for a minor or an exchange program. This gives you the opportunity to try something new, for example by studying at another school abroad for a semester. The total of this option is 30 credits.
