Leeruitkomsten

Upon successful completion, the student will have the knowledge and skills to:

- apply several values of his/her own (sub-) culture and analyse these values by using at least three theories discussed during the module (Kluckhohn, Hofstede, Schein, Sen, Hall etc);
- know how to visualize the described values by means of visual and auditory symbols/signs/heroes (artefacts);
- be capable of holding a meaningful dialogue/conversation with a person of a different culture;
- reflect on his/her intercultural communication analyses into relation to theories of several cultural specialists (Hall, Hofstede, Schein, Kluckhohn, Kitlyn Tjin a Djie);
- know how to illustrate core values of other cultures by creative means;
- apply the solution focused approach in his/her professional environment.
