Portfolio - Portfolio assessment
Presentation - Presentatie

Leeruitkomsten

Upon completion of this course, students should be able to:

- Use creative thinking to transform an idea into a scalable business model;
- Show willingness to apply the method of design sprint (derived from design thinking) to a real problem;
- Use specified research methods to develop a validated business model;
- Show their own design process based on the stages of Design Sprint and provides examples of each step;
- Develop a prototype to demonstrate the business model;
- Present the business idea in a pitch;
- Be aware and understand the impact of innovations and innovative entrepreneurship of the (European business) community at large;
- Search, analyse and evaluate ideas and put these ideas in writing towards purposes and verbal delivery of a presentation;
- Incorporate the persuasive appeals of ethos, pathos, and logos into a presentation;
- Present a (business) innovation to an international audience;
- Critically analyse and in a constructive manner reflect on own and peers' (written) presentations in light of structure, content, and style

Competencies from the IB Programme Learning Outcomes (at level 3): WT 1; WT 2; WT 3; WW 4; WW 6; TWM 24
