Leeruitkomsten

I&I.1: The student can identify their own ambitions for personal / professional development (of skills) within the context of this module.

I&I.2: The student can compare and match their own personal qualities and roles within a team with those of other team members

I&I.3: The student can identify objective and subjective values of a place in relation to their own values.

Inhoud

In this module Initiate and Interact you will be introduced to team forming and working; undertake your first analytical project work on location firstly preferably in a big city like Hamburg and then the case study area closer to Groningen; and the making of a website-based portfolio.

The first part of this "Initiate and Interact" pays particular attention to collaborative teamwork, shared ambitions and the activating of individual and collective perspectives, knowledge and talents. The second part includes reconnoitring of case study area and the first steps of investigatory research underpinned by new techniques and methodologies.
