Taal Engels
Coördinator S.A. Smith

Werkvormen Werkcollege
Toetsen Elective X - Overige toetsing

Leeruitkomsten

Elective X a free choice elective for the student. The student will determine their own learning goals in conjunction with the Elective X coach; learning goals need to be of an appropriate level (level 2 for Year 2 or Year 3; level 3 for Year 4). In line with other electives offered by CMGT and in accordance with Hanze University of Applied Sciences rules, there must be between five and eight learning outcomes for the student undertaking Elective X.

Inhoud

Elective X is a free choice elective for the student. The student will determine their own learning goals and elective topic, under supervision of an 'Elective X' coach and while working as part of an 'Elective X' Community of Learners. Participation in the Elective X COL will be a requirement for completion of the elective, and assessment must always involve some sort of professional product.
