Leeruitkomsten

The focus of this module is intercultural and professional competency development.

On a personal level the student is able to:

- understand their role in a group or project team;
- identify own strengths and weaknesses to increase self-awareness;
- give and receive feedback in order to improve co-operation

From an intercultural perspective, the student is individually able to:

- recognize and describe norms, values and cultural foundations, as experienced within the group in the simulation game.

Competencies from the IBMS Professional Profile:

LW8-1, LW13-1, LW12-1, LW3-1

Inhoud

This module is an introduction to intercultural competency and professional development. The aim in period 1 is for the student to recognize and understand his own (cultural) background and how this has influenced the perception of the world. For personal development, the topics will be: how do you learn, how do you listen, how do you understand yourself, and how do you work and interact in groups
