Competencies from the IBMS Professional Profile:

### Inhoud

The focus in period 2 will be on innovation and innovation management. In the principal business area of marketing students will learn more about various sources of innovation and innovation management, based on entrepreneurship. In period 1 the focus was on creating a report regarding TopSim Easy. In period 2, students continue with their group report of period 1, but each group is asked to analyse the information and suggest an innovation strategy within each principal area of business. For each strategy it needs to be explained how it helps the company create a competitive advantage.
