Inhoud

The goal of this assessment is for students to create an investor-ready pitch deck (with appendix), for a game they designed previously or are in the process of designing.

Pitch Deck: Your solution for monetizing and marketing your game

Appendix: The research you did, what you point to when an investor asks you a question.

What monetization models didn't work and why? What marketing strategies were not appropriate? Why not? Together, these elements of the pitch deck prepare the student for professionally pitching their game to a publisher.
