Leeruitkomsten

For this elective level 2 students have to write 5 personal learning outcomes that adapt to their level, development needs and the CMGT competencies. The learning outcomes have to be approved by the lecturer of the course.

Inhoud

In this Narrative Design elective, individual students will work on a Narrative Design Canvas and a representation of their own work combining game mechanics and narrative into an interactive experience. To do this, students will be mentored along this process through workshop-style courses that focus on building specific connections and narrative considerations. Students will be challenged with examples of works with diverse storytelling, theme, interesting characters, plot conflicts, world-building, and other narrative design elements.

The entry requirement for this elective is that the student has passed level 1 of the elective.
