Inhoud

In the **Labs Programme**, students choose one of the four visual domains per semester in order to explore them in greater depth. The learning question of the student is the starting point of the course, which is connected to the Studio course. The aim is for the explorations into the specific domain and connected mediums to work as an impulse for the student's studio work and to discover new possibilities.

The offer of labs programmes is shared with year 2 (Labs 3 & 4).
