Leeruitkomsten

For this elective level 2 students have to write 5 personal learning outcomes that adapt to their level, development needs and the CMGT competencies. The learning outcomes have to be approved by the lecturer of the course.

Inhoud

This Level 2 Elective Course is intended for students who have successfully completed Level 1 of Narrative Design. The student will work individually to create a) a development-ready Narrative Design Document AND b) a prototyped interaction of their level 1 game concept. To do this, students will be mentored along this process through workshop-style courses that focus on building specific connections and narrative considerations. Students will be challenged with examples of works with diverse storytelling, themes, interesting characters, plot conflicts, world-building, and other narrative design elements.
